The Deputy Commissioner,
Bangalore District.

Sir,

With reference to your No. 31 of the 10th August 1888, to the Chief Secretary to the Govt., I have the honor to request the favor of being informed if you can tell me how duty free such quantities of spirit become necessary as may be required for the bonafide use of Government for the manufacture of Medical preparations in the Medical Stores.

The quantity required will probably not be more than 50 gallons per annum but which may even be multiplied.

I do not think the Govt will object to my having the spirit duty free, and if I can get it in that way, and if it is not to be had anywhere else, I have no wish to go out of the Province unnecessarily.

If I have got to pay duty either on spirit manufactured locally or at Bellary I suppose it would be cheaper for me to get it to and from England.

I have the honor to be &c.
(Sd) J. Hodgson
Chief Secretary to Govt.

Major A. H. Macrindle
Deputy Commissioner
Excise Department

The Superintendent and
Deputy Commissioners
with the Government Surgeon

I have to refer to your letter No. 921 of
the 2nd inst. I have the honor to inform
you that the orders of Government are
that Spirit of 66 over proof will be
issued and forwarded.
I would also point out that even if
Spirit of the Medical Department,
were to be sold to Government, when
the Spirit is imported from England
there will be a distinct loss
of interest in some though possibly
not gain to your Medical Budget.

I have the honor to be &c.
